- Pass:** Most achievement criteria are met at a basic level, but some require further development.
- Credit:** Most achievement criteria are met adequately.
- Merit:** Most achievement criteria are met competently.
- Honours:** Most achievement criteria are mastered.

Where some work is particularly commendable in any of these categories examiners may award a 'plus' on the candidate's report.

The 'plus' will also appear on the certificate.

Certificates for Modular Examinations will not be issued until all modules are completed.

Diploma Assessment

Candidates will be assessed either as 'Pass', 'Merit' or 'Not Achieved'. Where work is of an exceptionally high standard 'Pass with Distinction' will be awarded.

To achieve a 'Pass' in practical modules:

- **Competence** in all learning criteria is expected at **Associate** level, where some sections are of a higher standard a 'Merit' may be awarded.
- **Mastery** in all learning criteria is expected at **Licentiate** level, where some sections are of a higher standard a 'Merit' may be awarded.
- **Professional excellence** in all learning criteria is required at **Fellowship** level.

Certificates will not be issued until all modules and theory components have been completed.

Leadership Communication Assessment

This will be assessed as for grade examinations.

Certificate of Attainment (Initial to Grade 8)

Students of all abilities are encouraged to sit grade examinations.

Speech New Zealand will award a 'Certificate of Attainment' to candidates with any disability that may affect their performance, if the examiner is satisfied that they are doing the best work they are capable of.

Certificates of Attainment will be assessed in the same way as grade examinations. The entry form must have the words 'Certificate of Attainment' clearly noted on it and be accompanied by the form detailing the specific nature of the candidate's disability and any special requirements. This form is available on our website.

Special group examinations for certificate of attainment candidates may be arranged if there are sufficient numbers and sufficient lead-in time is available to make arrangements.

Speech New Zealand may also provide special examination prescriptions for individual certificate of attainment students whose needs cannot be adequately met by the standard syllabus.

Please contact the national office directly **well before** the entry due date, for guidance and assistance in this instance.

Introduction to Grade Examinations

Learning Criteria

The learning objectives for candidates using this syllabus are:

- Learning to communicate through:
 - personal and researched ideas
 - reading
 - formal and informal speaking
- Understanding how voice and speaking are used in various contexts.

As a guide to candidates and teachers, specific learning criteria for each activity are listed after each syllabus prescription. This is to assist in understanding syllabus requirements and to recognise the elements inherent within each section.

Group Work

Learning criteria are best developed and assessed in group situations.

Candidates are encouraged to enter in groups although individual entries are accepted.

Groups should not exceed four in number as examiners must be able to assess the work of each individual candidate.

- Each candidate must present all the work prescribed.
- Each candidate must be given equal opportunity.
- Group presentations may be less than, but must not exceed, the total in individual times for that section.

It is helpful to the smooth running of the examination if groups provide the examiner with a copy of the programme for their work and the order in which candidates wish to present it. Where applicable, this programme should also include the intended audience for an exercise.

Junior Grade Examinations

Grades Initial to Four are designed to assess basic oral communication and public speaking skills.

Initial introduces candidates to examination procedures and basic skills in a friendly manner.

Grades 1 – 3 develop basic skills.

Grade 4 consolidates these skills ready for senior grades.
